

**Partnership Tax Payment****Payment**

Use this form to make partnership tax payments. Prepayments are not required, but may be made at anytime.

**Automatic Extensions**

Utah taxpayers are automatically allowed a six month extension to file their income tax returns - **NOT** to pay their taxes. **No extension form is required.** Do not use this form unless you are making a payment.

However, if taxpayers do not make the required tax payments by the original return due date a penalty may be assessed. The required payment must equal the lesser of 90 percent of your current year tax liability or 100 percent of your previous year tax liability. Payments may be from previous year's refund applied to the current year, or prepayments made on or before the tax due date.

**Penalty**

If your tax payments do not equal the lesser of 90 percent of your current year tax liability or 100 percent of your previous year tax liability, a penalty of 2 percent of the unpaid tax will be assessed for each month of the extension period. Also, a late payment penalty will be imposed if the entire balance (tax, penalty, and interest) is not paid when the return is filed. In addition, a late filing penalty will be imposed if the return is filed after the extension due date.

**Interest**

The calendar year interest rate applicable for most taxes and fees administered by the Tax Commission shall be two percentage points above the federal short-term rate in effect for the preceding fourth calendar quarter. Interest is assessed from the original due date until paid in full. For information, obtain form TC-15, Applicable Interest Rates online ([tax.utah.gov](http://tax.utah.gov)) or by calling or writing the Utah State Tax Commission at the address and telephones numbers shown below.
